

Aqua-Fence

INTRODUCTION

Aqua-Net is proud to introduce a convenient extra layer of protection around your pool. Sturdy removable fencing is another perfect choice to help prevent toddlers from drowning.

CHILDPROOF DESIGN

- 1,2m high panels adhere to standards for swimming pool fencing.
- Childproof lockable latches between panels and on all gates.
- Impossible for a child to remove, but easily removed and replaced by an adult.
- Almost impossible to climb over.
- Strong Textalene mesh is difficult to cut, even with a sharp object.

MAINTENANCE

- Maintenance free.
- Powder coated reinforced aluminium poles.
- Material does not shrink, stretch, fade or rot.
- Aesthetically pleasing see through black mesh.

TECHNICAL DETAIL AND INSTALLATION

- Fitted into 32mm sleeved, core drilled holes.
- Rust proof reinforced powder coated Aluminium poles.
- Fold back gates with child proof lockable latches.
- Neutral black colour offers greater UV stability.
- Installs into most surfaces: concrete, brick paving, tiles and even lawn.
- See through black mesh blends beautifully with any garden decor.
- Easy fitting and removal makes it perfect around any pool, deck, veranda raised deck or dock.
- Based on the most popular fence system in the USA, France and Australia.
- 3 years guarantee.
